

EVERY EFFORT

Will be put Forth by Russia

TO TURN THE TIDE OF BATTLE

New Armies to be Sent to The Front. Port Arthur Seriously Threatened

ONSLAUGHT ON PORT ARTHUR.

Paris, Sept. 23rd.—The Matins St. Petersburg correspondent telegraphs as follows: "Telegrams of which the General Staff have as yet no knowledge reached the Emperor at 4 o'clock this morning. I can affirm that they concern Port Arthur regarding which place the greatest anxiety prevails at Court. The Japanese are now engaged in a general assault which is more furious than its predecessors, attacking the town on three sides simultaneously and employing their whole forces, being determined to finish the business. Russian mines blew up whole battalions. Gen. Folk specially distinguished himself directing the fire from a wall which the Japs reached after indescribable massacre.

AWFUL STATE OF THE BESIEGED.

The besieged are fighting as in a furnace and a perfect storm of shells is falling on the town, port and fortress from the whole hill and roadstead, Gen. Stoessel going from fort to fort encouraging the defenders in their desperate efforts. In St. Petersburg the tragic event which perhaps will terminate in the glorious fall of Port Arthur is wholly unknown. At Court hope has not yet been entirely abandoned."

WILL SETTLE THE TROUBLE ON THE BATTLEFIELD.

St. Petersburg, Sept. 26th.—The division and reorganization of the Manchurian army regarding which there have been rumors ever since the battle of Liao Yang was officially announced to-day in an Imperial rescript appointing Gen. Gipsenberg, commander of the third army corps in the province of Valna, as commander of the second army now being mobilized for immediate despatch to the far east, leaving Gen. Kuropatkin in charge of the first army. The Emperor is personally convinced that the political as well as the military prestige of the Empire is at stake and that every further consideration must give way before the exigencies of war. The resources of the Empire in men and money must be drained if necessary in order to turn the scale and vindicate the power of Russia. The reorganization amounts to formal notice to the world, as the Emperor frankly explains in his rescript, that he intends to vastly increase the number of troops at the theatre of war in order to force the struggle to a successful close in the shortest possible time. It is intended to silence definitely all talk of foreign intervention by the announcement that Russia means to fight out the issue with Japan on the field of battle.

JAPS MAKE FURTHER PROGRESS.

Chefoo, Sept. 26th.—As a result of the battle before Port Arthur which began on Sept. 19th, the Japs succeeded in capturing several important positions, and to-day the Russians tenure of the big forts guarding the north, north east and north west sides of the town is seriously threatened. Chinese information places the Japs losses under 3000 for the three days fighting, due to excessive care of the Japs in making preparations. One important result was the capture of Fort Kuropatkin including the source of the supply of water to the Russians which is now in the hands of the Japanese.

A QUIET SESSION**OF THE LEGISLATURE**

Is Anticipated. No Large Questions will be Dealt with. Territorial Growth

Regina, Sept. 23rd.—The Legislative Assembly was opened yesterday with the usual ceremonies by His Honor Lieutenant Governor A. E. Forget.

The speech from the throne was as follows:—

"It is my agreeable duty to welcome you to the Third Session of the Fifth Legislative Assembly of the North West Territories.

"We have much cause for thankfulness in the continuation of the prosperity that has been so marked a feature of the life of our people for several years past. Though the season has not been an ideal one, yet throughout the greater part of these Territories the harvest is bountiful, and the advance in prices of all grain products will do much to compensate for losses that have been met with in a few localities.

"By a happy coincidence the occasion of the opening of your Session is also the occasion of the farewell visit of Their Excellencies the Governor General and the Countess of Minto to Regina and the North-West. I am sure that you will join with me in offering a hearty welcome to Their Excellencies as well as in expressing sincere regret at their approaching departure from Canada upon the conclusion of His Excellency's official connection with our country, and also in expressing the confident hope that when they leave our shores they will carry with them and ever retain that generous interest in our affairs and welfare that has been so prominent a feature of Their Excellencies' life with us. In the North-West, particularly, Her Excellency's name will long be held in grateful remembrance, and many hospitals established or aided during the past five years will stand as lasting monuments to her womanly sympathy and kindness of heart.

It is not proposed by my Govern-

ment to introduce legislation at this Session dealing with any of those large public questions that might well call for your consideration, but a number of Bills to amend existing enactments in order to meet changing conditions will be submitted to you. It is a matter for gratification to note that some of the Private Bills that are being promoted speak loudly of the forward march of the Territories. The creation of new cities and increased municipal powers are being asked for; the Higher Education is seeking to effect a footing upon a permanent basis; and public enterprise is beginning to look for avenues in which to employ its energies.

The Public Accounts and Reports of the work of the several Departments for the past year will be laid before you for your consideration.

Estimates of the amounts required to complete the public services for the current year, as well as of those required for next year have been prepared, all of which will, I trust, meet with your approval. The liberal response on the part of the Government and Parliament of Canada to the financial representations of my Government should enable you this year to meet in some adequate measure the more immediately pressing necessities which your restricted constitutional status permits you to deal with.

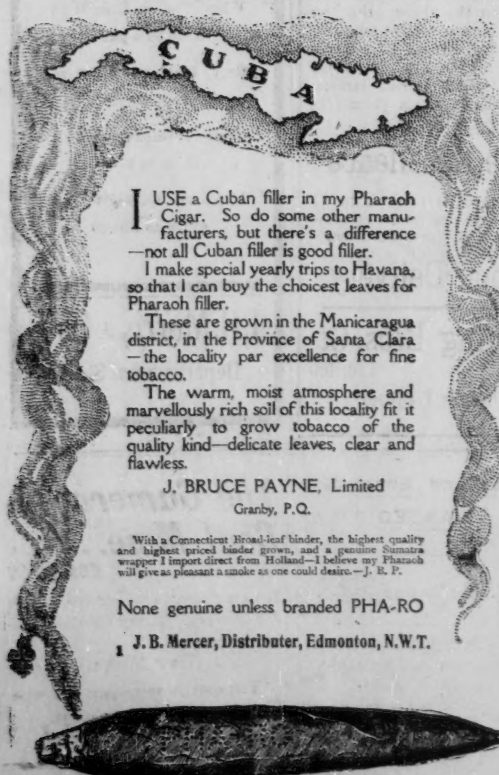

I have to express the regret of my Government that the movement towards the establishment of the Territories upon the Provincial basis has not been materially forwarded during the past year. All correspondence upon the subject will be submitted to you.

I leave you to your work in the firm conviction that your labors will be in the best interests of our country and, under Divine Guidance, result in much good to the common weal.

Notice.

USE a Cuban filler in my Pharaoh Cigar. So do some other manufacturers, but there's a difference—not all Cuban filler is good filler. I make special yearly trips to Havana, so that I can buy the choicest leaves for Pharaoh filler.

These are grown in the Manicaragua district, in the Province of Santa Clara—the locality par excellence for fine tobacco.

The warm, moist atmosphere and marvellously rich soil of this locality fit it peculiarly to grow tobacco of the quality kind—delicate leaves, clear and flawless.

Ross Bros., Limited.

This is the time to look after Your Stoves

Ross Bros., Limited have a very fine assortment of Heating Stoves, either for wood or coal, or for both, their stock now is large and still quite complete and if you are going to buy a new stove it would be better to do so early and thus have a better assortment to choose from

They have the newest things in stove trimmings and furniture and you can make no mistake in buying from them, their tin-smiths are first class and any work done by them is sure to please, so when you want a stove or any work done in connection with your stoves, go to Ross Bros., Limited

In Sporting Goods

Their stock is still well assorted and buying in such large quantities as they do, enables them to give you more for your money and better goods than you can get elsewhere

They have an immense stock of shot guns and rifles and you will be surprised to know how cheap they are.

In Their Plumbing and Steam Fitting Department

They employ only the best mechanics and their work and material is fully guaranteed. If you need anything in that line don't put it off too long, winter is getting very close and good plumbing work is done much better and cheaper in mild weather.

Ross Bros.

Ltd.

BANK OF MONTREAL**A HANDSOME STRUCTURE**

The Brick and Stone Work of the Building now Completed. Finishers at Work

Work is progressing splendidly on the new Bank of Montreal block, corner of Jasper avenue and Howard street. This handsome building is perhaps the most expensive of its size in the city. It has a particularly fine appearance, consists of three storeys, and basement, and is forty-two and a half by fifty-six and a half feet. The basement walls are two feet nine inches thick, and are built of solid brick and cement, with concrete footings. The block is finished with compressed brick on the two street sides and the base course sills and portico are constructed of Calgary sandstone.

The roof projects over the building, and a handsome cornice has been erected along the Jasper avenue and Howard street fronts. It consists of moulded pine with trusses and dentels and neck mouldings. This handsome work adds much to the attractiveness of the building.

The basement is 42-1-2 by 56-1-2, and nine feet high. It has a cement flooring. In the basement are situated two number eight Daisy boilers by which the whole building is heated by hot water. The heating arrangements are the most elaborate and up-to-date. Every part of the system throughout the building is connected with and can be regulated from the basement. The pipes are so arranged that should a break occur in one part of the building the hot water in that particular part of the building can be cut off without affecting the balance of the system. The work has been done in the latest city style. Ross Bros. Ltd., have the contract for all the plumbing and heating work.

The block will be lighted by electric light. The system is most conveniently installed. The Cunningham Electric Light Company have had the contract for this work.

The main entrance to the ground floor opens on to Jasper avenue, and there is a side entrance leading both to the bank proper and the manager's residence. All the ground floor is one large room in which will be the manager's private office and the offices of the accountant, teller, etc. The portion devoted to the public will be partly along the front of the room and all down the east side. This will be floored with white Italian marble in pieces about 16 by 16 inches, laid on a good bed of concrete and with a fine hone or dull finish. The office fittings will be particularly handsome. The banking room ceiling will be vaulting with arches, supported by four columns, and pilasters on the walls finished with Ionic capitals. The windows of the banking room are casements, with moulded frames and transoms bars, securely fixed with shifting heads. The circular portions of the windows are to be divided and hinged to open with strong hooks and chains. The lower part of the sashes will have an aperture and sliding piece for ventilation. The windows of the banking room will be of British plate glass.

At the rear of the banking room is the vault. It extends from the basement floor through to the first floor. It is divided into two sections, one a money vault and the other a book vault. The walls of the vault are two feet thick, built of solid brick, with hoop irons. Ordinary steel rails set in concrete cement form the bottom floor and dividing floor of the vaults. The vault doors, which will be of solid steel, will be set in cement.

The main entrance, which is from Jasper avenue, will be easily the most handsome in the city. It will consist of a portico, the steps of which will consist of fine slabs, fine crandell and set in cement on corbelled

foundations. The platform of the portico will consist of large flat stones. It will be formed with columns and pilasters with moulded caps and bases. The two middle rounded columns, which will be of Calgary stone, will have carved Ionic caps. The two outside columns will be square and will consist of Calgary sandstone. The four columns of the portico will support a massive stone, which may now be seen in the front of the building, handsomely engraved with the name of the Bank.

The second and third storeys will be used entirely for the manager's residence. They will be laid out in splendid style. A large circling stairway leads from the Howard street entrance to the second and third storeys. There is also a rear and private stairway from the first to the second floor. On the first floor are situated a large reception hall, library and sitting room, dining room, kitchen and pantry. At the rear of the kitchen are store rooms. The reception hall, the sitting room and the dining room are all splendid large rooms, and each are provided with fire places.

The outer hearths of all fire-places will consist of marble.

On the third floor are five large bedrooms, with clothes closets off each. On this floor also is a large bathroom and servants rooms are in the rear. At the stairway landing on this floor is a large room and a large hallway leads from it.

The basement is nine feet high, the banking room eighteen feet, the second storey twelve feet, and the third storey ten feet high. The base course above the grade level on Jasper avenue and Howard street fronts will be of two courses in height, cut rock faced, and finished at the top with dressed chamfer. From the top of the base course to the sill is built of ashlar with a crandell surface. The sill course projects several inches beyond the face of the stonework.

A rear entrance stair leads from the ground to the kitchen.

A good sound flagstaff fixed with gilt ball and crown has been erected on the top of the building. W. H. Barnes has the contract for painting the building throughout. May & Copp had the contract for the brick and stone work and the plastering.

W. J. Carter has the contract for the whole building, and the contract price, without including any fittings is about \$26,000. The architects are Taylor, Hogle and Davis, of Montreal. K. C. McLeod is inspector of the construction work, representing the architects.

TELEGRAPHIC

HOWARD VINCENT

ON IMPERIALISM

Praised the Dominion Government for
Extending the British Trade Preference

Bulletin Special Dispatch.

Ottawa, Sept. 25.—Howard Vincent addressed the Canadian Club here yesterday on the promotion of Imperialism as proposed by Chamberlain. He asked Canadians not to be impatient for the return of its preference, as it was a large question and required much discussion in Britain, and it would be two or three years before the Chamberlain proposals could be adopted.

He praised Laurier for what he had done for Imperialism in extending the British trade preference. Mr. Fisher, Minister of Agriculture, in moving a vote of thanks said that Canada had acted in its own interests, and Canada did not believe in interfering in the politics of the motherland, and whatever was done by Britain would be accepted as the best interests of the Empire. He asked Howard Vincent to tell the British people that they did not need to look to the United States for a food supply, but to Canada, which would stand up for the motherland through thick and thin. King Edward has consented to give a sitting to Forbes, the Canadian artist for a painting as requested by the members of the Canadian House of Commons.

CORONER'S JURY

RETURN A VERDICT

Of death from natural causes in the case of the death of the late W. P. Taylor

Coroner Braithwaite and Corporal McLeod returned to the city yesterday from Lac Ste. Anne, where they were investigating the death of W. P. Taylor, who was found dead on the Lac Ste. Anne trail on Tuesday last. They had a hard trip to the place where the body was found as the roads, where there are such, were in very bad shape. At Lac Ste. Anne the jury was empanelled consisting of Wm. Elliott, W. Lee, Jno. Anderson, Ph. Gray, A. W. Aindon, and J. Plante. This party then proceeded to the place where the body was found forty-two miles west of Lac Ste. Anne. Evidence was taken from C. Armstrong, W. P. Peapury and Jno. Eapiste. The evidence went to show that the deceased had stayed a couple of days at Lac Ste. Anne on his way to Clannigan's Grand Trunk survey camp west of Lac Ste. Anne, and that he had left there on Thursday, September 15th, to catch up to his pack team of six-

teen horses that had left for the survey camp some two days before. Forty-two miles west of Lac Ste. Anne he made his camp fire on the first evening out, the remains of which were found. Thelie Belcourt, who was coming to Edmonton to take engineer Jones out to the camp came across the body on the trail the following Tuesday. It was perfectly naked, but showed absolutely no sign of rough usage. His clothes were found nearby, and his camp fire, where he had left his rifle was two miles away.

After a slight deliberation the jury brought in a verdict of death from natural causes.

When the coroner and his party were returning from the holding of the inquest they found Mr. Taylor's horse not far from where his camp fire had been made. The horse had been five days without anything to eat, and in its struggles to free itself had turned the saddle completely around, the cinches having cut into its flesh. Mr. Taylor's slicker and grub were found tied to the saddle. Mr. Taylor's body was taken to the city yesterday by Mr. Lockhart undertaker, who went out for it.

BAPTIST CONVENTION

The Baptist Association of Alberta held their sixth annual meeting in Okotoks, on Tuesday, September 20th. There were sixty delegates in attendance. Rev. A. M. McDonald and Rev. Hagar being present from Edmonton.

In opening the convention Rev. G. J. C. White delivered an address on "United effort for specific purposes." A. T. Robinson spoke on "The Industrial Guild of the great commission." This is an attempt to go back to the primitive method of raising funds for mission work.

In the evening Rev. Mr. Corey, of Strathcona, preached the Association sermon, taking as his text, "We are laborers together with God." Rev. Mr. Black, of Didsbury, spoke on "Christ as the bright and morning star."

On Wednesday the following officers of the Association were elected: Moderator, J. H. McDonald, Strathcona.

Vice-Moderator, Rev. A. M. McDonald, Edmonton.

Clerk, A. W. Ward, Calgary.

Treasurer, F. E. Algar, Ponoka.

Revisors Hagar and Borg dealt at some length with German and Scandinavian work. Pastor McDonald spoke of the need among the Germans. The following resolutions were adopted:

Whereas there is on every hand a mighty and every increasing traffic in intoxicating liquors and whereas a thorough investigation of the said traffic has fully demonstrated that it is inherently and essentially mischievous, working only evil and that continually alike in the homes of men and in the mills of commerce. Therefore it be resolved that this Association does now hereby protest against the said iniquitous traffic and call upon all good men and true to join us in our attitude of undying hostility towards that which more than all other social institutions menaces our beloved commonwealth with the triple evil of poverty, disease and death.

Resolved that inasmuch as there are certain rumors that sectarian education for the public school system is a defined policy by certain Canadian elements that we as a Baptist body put ourselves on record as deadly opposed to any such tampering with our civil and religious rights. We are prepared to enter like our English brethren upon a course of passive resistance and further we are prepared if necessary to resort to measures even more radical to defend our rights.

Grandma

Here sits dear old Grandma in
silk and old lace.
We boast that no wrinkles dis-
figure her face:
She's healthy and bright and I've
oft heard her say:
'Tis because she has used Abbey's
Salt every day.

No matter how hearty the old folk appear, their digestive organs are on the wane. The stomach and bowels are noticeably weaker. The liver often sluggish. Nature needs assistance. ABBEY'S SALT is the tonic laxative to keep the old folk in healthful vigor. It is so mild—yet so effective—that it puts the stomach, bowels and liver in perfect order without the least discomfort.

Abbey's Effervescent Salt
Renews Youth in Old Age

**A Luxury That's
An Economy.**

It's a luxury to wear Fit-Reform Clothes. There's a style, an elegance, an exclusiveness about them that can't be equalled at their price—nor bettered at any price.

It's economy to wear Fit-Reform Clothes because they hold their shapeliness and good looks—because they give more service and satisfaction than any other garments you can buy.

Suits, - - \$12 to \$30.
Trousers, \$3.50 to \$6.

BULLETIN CO. LTD.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.
(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantiated.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1900.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior, N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

LONDON, PARIS, NEW YORK AND EDMONTON

LOCAL

—Train on time.
—E. Reeler's store at Bon Accord was burned to the ground on Thursday afternoon last. The building and contents is a total loss.

—G. H. Scott, of Hall, Scott & Co., Lloydminster, leaves Edmonton today by river with an empty scow to replace one of their flotilla wrecked at Succor rapids.

—The ladies in charge of the Public Hospital Ball will be pleased to receive any contributions from the country. They may be left with Mrs. Braithwaite or Mrs. R. J. Manson.

—Larue Bros. have sold 300 sheaves of red fife wheat to the C.P.R. for an exhibition car. Another tribute to the grain, this time wheat, raised in the Edmonton district of Northern Alberta.

—The funeral of the late W. P. Taylor took place this afternoon at 2:30 o'clock to the Edmonton Cemetery. In the absence of Rev. Mr. Gray, the Rev. W. George, of Strathcona, conducted the funeral services.

—D. Ross has placed on exhibition at C. Gallagher's window a potato of the American wonder variety, weighing four pounds eight ounces. This is the largest potato that has ever raised here. He has, however, grown them weighing four and a quarter pounds.

—A. Carey and J. J. Welch, two American farmers, have left for the Pembina, where they have taken up land themselves and for seven other Washington farmers whom they represent. They will erect seven houses on the homesteads of the farmers they represent.

—W. B. Maurice who had his hand badly cut in Fraser's mill recently that amputation was necessary is now improving rapidly. A number of his fellow employees called on him the other day, and W. R. Armstrong on behalf of the men presented him with a purse of eighty dollars.

—Among the settlers who have recently arrived at the Immigration hall, Edmonton, are Mr. and Mrs. John Schepp and six children from Germany; Mr. and Mrs. T. A. Oakes, and seven children from Ireland; Wm. E. Hewitt from England; L. V. Seibert and Sam Beller from Sioux Falls, North Dakota; and Henry Measures and Gustave Boecker from Texas. All are locating in this district. Messrs. Measures and Boecker represent a number of Texan German farmers for whom they will fly on homesteads in this district.

PERSONAL

G. H. Scott, of Lloydminster is in the city.

M. J. McLeod, of Lacombe, spent Sunday in the city.

Mrs. Jas. H. Wood arrived from Athabasca Landing Saturday.

Mrs. M. J. Dunlop arrived in the city Saturday evening from Montreal.

W. Gordon, trader, of Fort McMurray, arrived in the city Saturday from the north.

Mrs. and Miss Mann of Saddle Lake spent Saturday and Sunday in Edmonton returning to-day.

Mrs. W. A. Reid leaves to-morrow to join her husband at Swift Current where he has taken a position as C. P. R. operator.

Mrs. and Miss Lottie Mann of Saddle Lake, who have been visiting at Edmonton for a few days, returned home this morning.

EDMONTON RIFLE ASSOCIATION

The regular medal competition and practice of the Association took place as usual on Saturday afternoon with a good turnout of members.

The following are the best scores for the day, which although not high represent careful work, as the wind veered about from one side to the other in a way that was most exasperating.

	200	500	600	Total
W. Pearce,	29	31	26	86
S. S. Brown,	32	28	21	81
H. B. Spratt,	27	30	20	67
W. D. Gibbard,	27	27	22	76
F. T. Fisher,	26	26	21	74
G. A. Reid,	27	26	21	74
W. S. Weeks,	23	26	23	72
A. J. Newell,	22	21	26	69
F. A. Osborne,	19	28	21	68
W. A. Griesbach,	19	22	25	66

The challenge of the six members of the old Association is hereby accepted for next Saturday afternoon. What about a handicap for the youngsters? There should be a fair one if good rifle shooting be so much a matter of experience as it is said to be.

AT THE CHURCHES

The services at the Presbyterian church yesterday were taken by the Rev. D. G. McQueen. At the morning service the ordinance of Baptism was administered.

Children's day services will be held in the Presbyterian church next Sunday afternoon.

The service in the College avenue Methodist church in the morning was taken by Rev. Mr. Johnstone, of Strathcona, and in the evening by the Rev. R. E. Finlay, of Clover Bar. Rev. C. H. Huestis, the pastor of the church, preached in Pincher Creek yesterday.

A Sunday school rally was held in the church yesterday afternoon at three o'clock. It took the place of the regular Sunday school. Short addresses were delivered by A. M. McDonald, B.A., and by Prof. R. R. R. The choir of the church and the male quartette sang special selections. There was a very large attendance.

Thomas Turnbull, colporteur for the Bible Society in Northern Alberta, took the evening service in the Kinsistio avenue Methodist church.

FIT FOR A KING

THE PALM CIGAR STORE

From the Start

We have made it our aim to have our work appeal to the "discriminating" public. Present indications point to the fact that it has done so, is doing so and will prove to continue to do so. That means our best efforts on every transaction.
